

Todd & Weld LLP

Daniel St. Germain

Director of Information Technology

Direct: 617-624-4744

dstgermain@toddweld.com

As Director of Information Technology at Todd & Weld, Dan St. Germain leads the firm's technology strategy with a focus on innovation, reliability, and security. With over 20 years of experience, Dan ensures that the firm's infrastructure supports the fast-paced, high-stakes nature of litigation.

Dan oversees all aspects of the firm's technology operations and plays a critical role in aligning IT initiatives with the firm's broader business goals, enabling attorneys and staff to work efficiently, securely, and collaboratively from anywhere.

Prior to joining Todd & Weld, Dan held senior IT roles at several prominent Boston-based law firms and professional services organizations, where he led major infrastructure upgrades, implemented cutting-edge legal tech tools, and championed client data protection initiatives.
