

**Todd & Weld** LLP

## Medical Negligence

Individuals and their loved ones suffer from devastating physical, emotional, and financial burdens caused by medical negligence. Our medical malpractice attorneys work tirelessly to help alleviate these injuries and to hold medical practitioners accountable for their negligence. The attorneys at Todd & Weld are devoted to assisting families through these difficult times and helping them understand and obtain the support they will need in the future.

Todd & Weld's attorneys have represented plaintiffs in many challenging medical malpractice cases.

We have obtained many favorable results for clients, including numerous multimillion-dollar verdicts and settlements, by aggressively gathering evidence, working with a broad network of experts, and effectively advocating cases in court and in settlement negotiations.

If you or a loved one as has suffered a medical malpractice injury, contact us to discuss your legal rights.
